

## PRODUCT SHEET

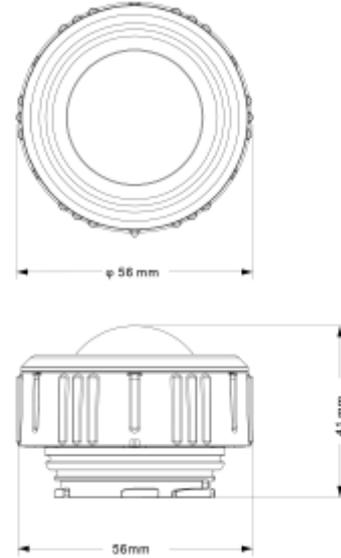

Ufo U - PIR Sensor

Art. no: 102330-02

*Lighting Solutions*

# Ufo U - PIR Sensor

Max mounting height 12 m. Detection radius about 4 m. Advantage PIR: -no penetration, confined detection area -sensitive to tangential movement -resilient to motion object which has no heat radiation Disadvantage PIR: -can be false triggered by air conditioner, smoke and other heat sources Operating temperature: 0°C to 40°C

### SPECIFICATIONS

|                |      |
|----------------|------|
| Color:         | Grey |
| Height:        | 41mm |
| Diameter [mm]: | 56mm |
