Cilla Micro

Lighting Solutions

Cilla Micro

The Cilla Micro is an elegant and functional downlight, ideal for hotels, restaurants, or modern homes. It provides comfortable and atmospheric lighting with minimal glare, thanks to its high color rendering index (CRI 95) and a warm color temperature of 2700K. With an impressive luminous efficacy of up to 100 lm/W, it creates an inviting ambiance that highlights details beautifully.

With a compact design measuring 55 mm in diameter and 60 mm in height, the Cilla Micro seamlessly fits into any space. Its IP44 rating ensures it is both dust and splash resistant, making it suitable for various applications. Designed for recessed installation, it comes without a driver, which can be purchased separately. For added flexibility, you can choose from front rings in three different colors to match your interior style.

Cilla Micro the perfect combination of design, functionality, and quality.
