Ray Maxi

Lighting Solutions

Ray Maxi

Ray Maxi, a powerful spotlight in the Ray family using a design concept with the LED driver built in to the spotlight body. This gives a modern, slim design with a high lumen output. The Ray Maxi can be tilted 90 degrees and rotated 350 degrees on its own axis offering create flexibility in playing with light. A diffuser can be mounted on the luminaire, to be ordered separately.

VERSIONS

| Art.No | Effect [W] | Cold Lumen [lm] | Lumen Output [lm] | CCT [K] | Beam Angle [°] | Lens Difuser | CRI [>] | Color | Light Control | Connection |
