Universal G2 NWC IP44

Universal G2 NWC IP44

Universal is an elegant and splash-proof IP44 LED luminaire for interior and industry. Easy installation with through-wiring. Low glare and up to 150lm/W. With Norlux Wireless Connect integrated in the luminaire, you have modern lighting control technology without the need for extra wiring. This opens up possibilities for control, dimming, individual grouping, and sensors completely wirelessly with Bluetooth communication.
