## Installation

- Take care when handling and installing to avoid damage to the product.
- Avoid mounting the fitting on a damp surface such as newly painted or plastered area as this may cause discoloration of the finish.

## Tools

- Cross headed screwdriver.

## Cleaning Instructions and Care

- Take extra care when cleaning and assembling.
- Do not use any chemical or abrasive agents to clean the shade.

# Installation Method 1

1. Making sure that the power source is still accessible. Drill the surface to fit the section wall light using the metal bracket to locate the holes position. Please ensure that no pipes or cables are within the drilling area.
2. Screw the metal bracket onto the wall using the selftaping screws and raw plugs if necessary.

3. Using the connector block to connect to the mains power supply as shown below.

4. Fix the back plate on the wall to hide the cable, fixings and power connection.

5. USB port output:5V-1A  
Use USB cable to charge your adaptive mobile devices. After the charging is finished, disconnect the device from the USB port.

## Installation Method 2 :

This installation is suitable for the installation area with an outlet.  
Additional purchasing cable with plug is necessary

1. Please ensure that no pipes or cables are within the drilling area.
2. Screw the metal bracket onto the wall using the selftaping screws and raw plugs if necessary.

3. Put the cable with plug through the cable entry hole beneath the wall base and pass through the connector box. Crimp the cable with wire stopper and lock it up.

5. Fix the back plate on the wall to hide the cable, fixings and power connection.

6. Plug in and enjoy your light

4. Using the connector block to connect to the mains power supply as shown below.
