

PRODUCT SHEET

Ufo B High Bay - PIR Sensor plug-in (Not for DALI)
Art. no: 4200-02

Ufo B High Bay - PIR Sensor plug-in (Not for DALI)

Not for use with DALI-version.

Max mounting height 12 m.
Detection radius about 4 m.

Advantage PIR:

- no penetration, confined detection area
- sensitive to tangential movement
- resilient to motion object which has no heat radiation

Disadvantage PIR:

- can be false triggered by air conditioner, smoke and other heat sources

Operating temperature: 0°C to 40°C

SPECIFICATIONS

Color:	Transparent
