Orion G2 NWC is an energy-efficient industrial luminaire. With IP65 and IK08 ratings, it is suitable for use in harsh environments both indoors and outdoors, in wet and dusty conditions. The luminaire is equipped with a power switch allowing you to easily adjust the output via a DIP switch. It features through-wiring for series installation and QuickConnect for easy installation. With Norlux Wireless Connect integrated into the luminaire, you have modern lighting control technology without the need for additional wiring. This opens up possibilities for control, dimming, individual grouping, and sensor functionality entirely wirelessly with Bluetooth communication. Easy programming via smartphone (iOS or Android).
