

PRODUCT FAMILY SHEET
LED-Strips 4,8W/m

LED-Strips 4,8W/m

LED-strip of high quality with color temperature of 2700K. For outdoor mounting or bathroom, we have a IP65 -version. CRI 90 secures correctly color reproduction, which is important for lighting over mirror on bathroom for example. The LED-strip comes in 5 meter length og 4,8W/m. For cooling and best look, we recommend mounting in a aluminium profile. Please see accessories for drivers.
