

## CBU E27 2200-6900K Lightbulb 8W Casambi

GLOW Smart Light immerses your rooms in warm white to cool white light, infinitely dimmable. The light source has an integrated Casambi controller that makes it possible to control the light bulb through the Casambi app on your smartphone or tablet. Can also connect to an existing Casambi network and be controlled wirelessly with other Casambi products. Design the lighting mood to suit your daily rhythm or individual wishes.
