

NSW Pro Gateway BK

IP20

Remote control all devices via the internet – turn on/off, adjust settings, activate automatic mode, and save energy. Set timers for circadian lighting and time management – no matter where you are.

Connect up to 100 devices via Bluetooth Mesh and gather insights on product usage. Data is securely stored in a European cloud service, with local backup in case of power outages.

Choose between white or black finish, surface-mounted or pendant installation, and power via PoE or 12V DC.

Suitable for supermarkets, fashion stores, grocery stores, car dealerships, furniture stores, art galleries, offices, homes, and more.
