Aram Maxi Single Square Base

Aram Maxi Single Square is a modern and efficient recessed downlight developed for projects with high demands for performance, flexibility, and precise light control. The luminaire is made from solid die-cast aluminum and combines a clean, contemporary design with advanced lighting technology.

The downlight is available with multiple color temperatures and high color rendering (CRI >90), ensuring natural color reproduction and a comfortable lighting environment. For enhanced control, the luminaire can be equipped with honeycomb filters and color filters.

With passive cooling technology, tempered glass, and high color consistency (<3 SDCM), Aram Maxi Single Square is a reliable and high-quality solution for professional lighting applications.

VARIANTS

Art.no.	Effect	Lumen out	CCT	Beam angle	Lens	CRI (>)	Dimming	Cut-out	Color
40831-7-20-2	28W	3200 lm	3000K	20°	Clear	90	None	Ø120 mm	Black
40831-7-20-3	28W	3200 lm	3000K	20°	Clear	90	None	Ø120 mm	White
40831-7-30-2	28W	3037 lm	3000K	30°	Clear	90	None	Ø120 mm	Black
40831-7-30-3	28W	3037 lm	3000K	30°	Clear	80	None	Ø120 mm	White
